## **Critical Infrastructure Workforce / “Essential” Work**

On March 14, 2020, the [President of the United States declared a national health emergency in the United States as a result of the national spread of COVID-19](#). On March 17, 2020, Oklahoma Governor Stitt issued [Executive Order 2020-07 declaring an emergency](#) caused by the impending threat of COVID-19

On March 24, 2020, Stitt issued the Fourth Amended Executive Order 2020-07. Paragraph 20 of the Fourth Amended Executive Order 2020-07 ordered all businesses not identified as being within a [“critical infrastructure sector” as defined by the U.S. Department of Homeland Security \(“USDHS”\)](#) and located in a [county experiencing community spread of COVID-19, as identified by the Oklahoma State Department of Health \(“OSDH”\)](#) on its website, to close.

There are two parts to this outline. The first is the Counties where the order applies. The second is the list of “critical infrastructure.”

### 1. COUNTIES WITH COMMUNITY SPREAD – where the Order Applies

- ii. State
1. Taxis, transportation services including Transportation Network Com Taxis, transportation services including Transportation Network Companies, and delivery services, including Delivery Network Companies.
  2. Wholesale trade
  3. Transportation and warehousing
  4. Postal services and distribution centers
- g. PUBLIC WORKS
- i. Federal
1. Workers who support the operation, inspection, and maintenance of essential dams, locks and levees
  2. Workers who support the operation, inspection, and maintenance of essential public works facilities and operations, including bridges, water and sewer main breaks, fleet maintenance personnel, construction of critical or strategic infrastructure, traffic signal maintenance, emergency location services for buried utilities,

maintenance of digital systems infrastructure supporting public works operations, and other emergent issues

3. Workers such as plumbers, electricians, exterminators, and other service providers who provide services that are necessary to maintaining the safety, sanitation, and essential operation of residences
  4. Support, such as road and line clearing, to ensure the availability of needed facilities, transportation, energy and communications
  5. Support to ensure the effective removal, storage, and disposal of residential and commercial solid waste and hazardous waste
- ii. State
    1. Solid waste & hazardous waste
    2. Utilities
    3. Underground damage prevention services
    4. Operational staff for solid waste pick-up
    5. Operational staff at solid waste transfer and disposal facilities
    6. Operational staff at hazardous waste treatment, storage, and disposal facilities, including underground injection control sites
- h. COMMUNICATIONS AND INFORMATION TECHNOLOGY
    - i. Federal
      1. Communications
        - a. Maintenance of communications infrastructure- including privately owned and maintained communication systems-supported by technicians, operators, call-centers, wireline and wireless providers, cable service providers, satellite operations, undersea cable landing stations (including cable marine depots and submarine cable ship operators), Internet Exchange Points, and manufacturers and distributors of communications equipment
        - b. Workers who support radio, television, and media service, including, but not limited to front line news reporters, studio, and technicians for newsgathering and reporting
        - c. Workers at Independent System Operators and Regional Transmission Organizations, and Network Operations staff, engineers and/or technicians to manage the network or operate facilities
        - d. Engineers, technicians and associated personnel responsible for infrastructure construction and restoration, including contractors for construction and engineering of fiber optic cables
        - e. Installation, maintenance and repair technicians that establish, support or repair service as needed
        - f. Central office personnel to maintain and operate central office, data centers, and other network office facilities
        - g. Customer service and support staff, including managed and professional services as well as remote providers of support

to transitioning employees to set up and maintain home offices, who interface with customers to manage or support service environments and security issues, including payroll, billing, fraud, and troubleshooting

h. Dispatchers involved with service repair and restoration

2. Information Technology

a. Workers who support command centers, including, but not limited to Network Operations Command Center, Broadcast Operations Control Center and Security Operations Command Center

b. Data center operators, including system administrators, HVAC & electrical engineers, security personnel, IT managers, data transfer solutions engineers, software and hardware engineers, and database administrators

c. Client service centers, field engineers, and other technicians supporting critical infrastructure, as well as manufacturers and supply chain vendors that provide hardware and software, and information technology equipment (to include microelectronics and semiconductors) for critical infrastructure

d. Workers responding to cyber incidents involving critical infrastructure, including medical facilities, SLTT governments and federal facilities, energy and utilities, and banks and financial institutions, and other critical infrastructure categories and personnel

e. Workers supporting the provision of essential global, national and local infrastructure for computing services (incl. cloud computing services), business infrastructure, web-based services, and critical manufacturing

f. Workers supporting communications systems and information technology used by law enforcement, public safety, medical, energy and other critical industries

g. Support required for continuity of services, including janitorial/cleaning personnel

ii. State

1. Broadcasting

2. Publishing industries

3. Telecommunications

4. Data processing, hosting, and related services

5. Software publishers

6. All other miscellaneous schools and instruction

7. Computer systems design and related services

i. OTHER COMMUNITY-BASED GOVERNMENT OPERATIONS AND ESSENTIAL FUNCTIONS

i. Federal

1. Workers to ensure continuity of building functions

2. Security staff to maintain building access control and physical security measures
  3. Elections personnel
  4. Federal, State, and Local, Tribal, and Territorial employees who support Mission Essential Functions and communications networks
  5. Trade Officials (FTA negotiators; international data flow administrators)
  6. Weather forecasters
  7. Workers that maintain digital systems infrastructure supporting other critical government operations
  8. Workers at operations centers necessary to maintain other essential functions
  9. Workers who support necessary credentialing, vetting and licensing operations for transportation workers
  10. Customs workers who are critical to facilitating trade in support of the national emergency response supply chain
  11. Educators supporting public and private K-12 schools, colleges, and universities for purposes of facilitating distance learning or performing other essential functions, if operating under rules for social distancing
